

# FHSK Cu 2x400L ÜA(3)B/ C 785/ 1350 HP

## Technische Daten

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Net width (mm)    | 785,00                                                     |
| Net height (mm)   | 1.350,00                                                   |
| Netto depth (mm)  | 324,00                                                     |
| Net weight (kg)   | 38,00                                                      |
| EAN               | 9008507134878                                              |
| Material          | Hot-pressed Glass Fiber Reinforced Thermosetting Polyester |
| Austrian province | Vienna                                                     |
| IP Rating         | IP44                                                       |
| Protection class  | II                                                         |
| mounting          | Free-standing                                              |
| Impact Resistance | IK10                                                       |
| ECO               | Wien                                                       |
| Colour            | RAL 7032 (Pebble grey)                                     |
| Product category  | FHSK                                                       |
| Basic Description | Enclosure                                                  |
| Product standard  | IEC 61439-2                                                |
